PRESS COMMUNIQUÉS.

Fort St. George, July 19, 1938.

No. 393.—

After the commencement of Part III of the Government of India Act, 1935 (i.e., from 1st April 1937), no person who is not a British subject is eligible to hold any office under the Crown in India except as provided by section 262 of that Act and paragraph 15 (1) of the Government of India (Commencement and Transitory Provisions) Order, 1936. Sub-section (2) of section 262 of the Government of India Act lays down that the Governor of a Province may declare that any subject of a specified Indian State, or any native of a specified tribal area or territory adjacent to India shall be eligible to hold any civil office in connexion with the affairs of the Province, being an office specified in the declaration, and under the proviso to sub-section (4) of that section the Governor can authorize the temporary employment for any purpose of a person who is not a British subject.

Paragraph 15 (1) of the Government of India (Commencement and Transitory Provisions) Order, 1936, provides that for a period of twelve months from the date of commencement of Part III of the Government of India Act, 1935, a person who immediately before the said date was holding an office under the Crown in India shall not be disqualified from continuing to hold such office by reason of the fact that he is not a British subject and that no declaration entitling him to hold the office has been made under section 262 of the Act.

It will thus be seen that declarations of eligibility are necessary for the first appointment after 1st April 1937 of a subject of an Indian State or a native of a tribal area or territory adjacent to India and for the continuance in service of such persons who

were holding posts in the service of the Crown on 1st April 1938. To enable the latter class of persons to continue to hold their offices after 1st April 1938, declarations have been issued by His Excellency the Governor under section 262 (2) of the Government of India Act, 1935. A fresh declaration will be necessary, if any such person is transferred or promoted to an office which is not specified in the original declaration.

Recruitment of persons after 1st April 1937.

Under rule 5 (b) of the General Rules for Provincial and Subordinate Services no candidate who has not been born in this Presidency or who has not been domiciled therein for a period of not less than ten years immediately preceding the date of his application can, without the previous sanction of this Government, be included in any list of approved candidates. Such sanction will not be accorded unless the Government are satisfied that a sufficient number of qualified and suitable candidates so born or domiciled is not available. There is thus no bar to the selection for appointment of subjects of Indian States who possess the prescribed domicile qualification. In the case of those who do not possess that qualification their selection will depend on the paucity of candidates possessing the birth or domicile qualification. In either case a declaration of eligibility is necessary only after a subject of an Indian State has actually been selected by a competent selecting authority for appointment to a particular post. The Government have therefore instructed the selecting authorities not to require subjects of Indian States to produce declarations of eligibility at the time of application for selection but to apply for them after the candidates have actually been selected.

Fort St. George, July 21, 1938.

No. 340.—

Under the existing rules for the Madras Ministerial Service no candidate shall ordinarily be included in the list of candidates eligible for appointment to the service drawn up by the Madras Public Service Commission if he will have attained the age of 25 years on the 1st day of January immediately following the date of publication of the list. A candidate belonging to any community other than the Brahman or the Non-Brahman (Hindu) (i.e., Muhammadan, Anglo-Indian, Christian, Non-Asiatic and Scheduled Classes) is however eligible for inclusion in such lists up to 31st December 1938 if he has not attained 27 years. The Government are pleased to extend this concession up to 31st December 1940

G. T. BOAG,
Chief Secretary.

PRESS COMMUNIQUÉ.

Fort St. George, July 20, 1938

No. 84.—

Under section 15 (1) of the Madras Agriculturists' Relief Act, *all arrears of rent* due to land holders or under-tenure holders under the Madras Estates Land Act or to Janmis or intermediaries under the Malabar Tenancy Act *for fasli* 1345 *and earlier fasles* will be treated as discharged only

(i) if the rent for fasli 1347 is paid on or before the 30th September 1938; and

(ii) if the rent for fasli 1346 is paid on or before the 30th September 1939.

It has been brought to the notice of the Government that there is a general impression fostered by irresponsible persons that if the ryots do not pay the rents for faslis 1347 and 1346, they are likely to get some further concessions in respect of rents due for these two faslis, as the result of future legislation relating to zemindari and other proprietary areas. The Government desire to make it clear that this impression is erroneous and that there is no proposal, either by way of legislation or otherwise, to grant any further concessions than have been allowed under the Madras Agriculturists' Relief Act in the matter of payment of arrears of rent. They would also impress on the persons interested that they would not only not gain anything by withholding the payment of the rents due for faslis 1346 and 1347 but would also lose the benefit of the concessions with respect to arrears of rents due for fasli 1345 and the earlier faslis unless they pay off the rents due for faslis 1346 and 1347 by the prescribed dates. All persons who encourage delay in payment of dues for faslis 1346 and 1347 are doing great disservice to the poor people concerned as they will lose the great benefits conferred on them by the Relief Act.

The following press communiqué of the Government of India is republished :—

DEPARTMENT OF COMMERCE.

Simla, the 15th July 1938

Subject.—*Constitution of the Indian Tea Licensing Committee.*

No 213 (2) Tr (I E R)/38.—Section 3 (2) of the Indian Tea Control Act, 1938, requires that within three months after the commencement of the Act (which came into force on the 1st April 1938), the Central Government *shall* publish the names of *all* members of the Indian Tea Licensing Committee, and thereupon the Committee shall be deemed to be constituted The Committee is to consist of 14 members, of whom 10 are to be nominated by bodies mentioned in section 3 (1) (a), (c) and (d) of the Act, and 4 are to be elected by tea estates mentioned in section 3 (1) (b), (e) and (f) in accordance with rules to be prescribed for the purpose

2. As regards the four members to be elected, therefore, it became necessary first to obtain the views of the Provincial Governments and through them of the various bodies concerned as to the method of election; then to frame rules; and finally to hold the elections and publish the names of those elected before the 1st July 1938, by which date the Committee must be completely constituted. This has proved to be impracticable within the limit of time prescribed.

3 The position now is that the Electoral Rules are ready in their final form and will shortly be published, but the holding of elections under the rules by tea estates or gardens widely distributed in various parts of India will require further time.

4. In these circumstances and in view of the mandatory provisions of section 3 (2) of the Act requiring the publication of names of all members of the Committee, the Central Government have, in respect of the four members referred to and after consultation with the Provincial Governments concerned, exercised the power of nomination under section 4 (1) of the Act and the names of all members of the Committee were duly notified in a *Gazette of India* Extraordinary, on the 30th June 1938. Such nominations have, however, been made on condition that members so nominated will resign as soon as elections can be held

No. 813.—As there appears to be some misconception about the exact terms of settlement of the labour dispute in the Chelai mills, the following document which the parties to the dispute signed in the presence of the Hon'ble Minister for Industries and Labour on the 15th July 1938 is published for general information:—

"The Directors of the Madras United Spinning and Weaving Mills Company, Limited, Choolai, and the representatives of the Madras Labour Union met the Hon'ble the Minister for Industries and Labour and had discussions with him during the last one week. The Government are glad to state that the Madras Labour Union has agreed unconditionally to call off the strike and resume work and the Directors on their part have kindly agreed to the suggestion of the Government for inspection of any accounts or balance sheets of the company by an Officer to be appointed by the Government, without insisting on any conditions. The parties have further agreed to abide by the decision arrived at by the Officer, after examining the accounts. Each party can explain its point of view to the said Officer.

As the Madras Labour Union is recognized by the Mill authorities, the representatives of the Union can always place any grievances of the workers as soon as normal working conditions in the mill are restored and the Mill authorities on their part will give a sympathetic hearing."

Fort St. George, May 27, 1938 (G.O. No. 1350, Development).

No. 614.—

In a Press Communiqué, dated 14th September 1937, the Government announced their decision to make an attempt to collect the statistics of the educated unemployed in the districts of Vizagapatam, Anantapur, Chittoor, North Arcot, Tinnevelly and Malabar. Collectors of these districts were directed to have the census taken in every village and town in their respective districts by the village officer with the help of the Firka Revenue Inspector. A questionnaire in the form appended (Appendix I) was issued for distribution to the educated unemployed. Collectors were further directed to forward the forms after they were filled in to the Director of Industries, Madras, who was required to tabulate the figures and submit them to Government with a review on the figures. The Director of Industries has now submitted his report (Appendix II). The Government direct that it be published for information.

APPENDIX II

* * * * * *

In all 9,733 forms were received. Of these, as many as 1,562 forms had to be rejected as they pertained to individuals who did not satisfy the definition of 'educated' laid down by Government. Eight thousand one hundred and seventy-one forms were finally tabulated of which 8,065 related to males and 106 to females and their distribution according to districts was as follows:—

District.	Number of forms relating to		Total.
	Males.	Females.	
Vizagapatam	1,444	3	1,447
Anantapur	613	1	614
Chittoor	601	..	601
North Arcot	1,169	10	1,179
Tinnevelly	1,779	29	1,808
Malabar	2,459	63	2,522
Total ..	8,065	106	8,171

It will be of interest to estimate as accurately as possible how many educated people belonging to each of the six districts in which the census has been taken would have been alive at the time of the census, the term 'educated' being understood in the same sense as in the census. On the basis of such an estimate it is possible to arrive at a rough measure of the intensity of unemployment among the educated classes as revealed in the census. In Appendix I are given the statistics of the number of completed Secondary School-Leaving Certificate holders in each of the six districts in which the census has been taken for the several years since 1911, the year of institution of the Secondary School-Leaving Certificate examination. The number of survivors in 1937 out of those who had completed their Secondary School Leaving Certificate during each of the several years since 1911 has also been shown for each district in the appendix. The estimated number of survivors has been calculated on the assumption of an average age of 18 years for candidates completing their Secondary School-Leaving Certificate course and on the basis of

tables of mortality for Madras given in the Actuarial report in the Census of India, 1931, Volume I, Part I. In the table below are set out figures of the estimated number of survivors in 1937 out of the completed Secondary School-Leaving Certificate holders since 1911, and the approximate number unemployed out of such holders according to the census of unemployment in 1937.

District.	Estimated number of survivals in 1937 out of the completed S.S.L.C holders since 1911.	Approximate number unemployed of the survivors shown in column (2) according to the census.	Intensity of unemployment
(1)	(2)	(3)	(4)
			PER CENT.
Vizagapatam	14,708	1,269	8·56
Anantapur	4,008	660	13·97
Chittoor	6,604	557	8·36
North Arcot	9,949	1,078	11·20
Tinnevelly	17,180	1,706	9·93
Malabar	31,221	2,334	7·64

In column (3) have been included (i) holders of completed Secondary School-Leaving Certificate issued under the authority of the Government of Madras, both eligible and ineligible for the College course by any University, and (ii) those who have either passed or failed in the Intermediate, B.A., B.Sc., B.A. (Hons.), B.Sc. (Hons.), and M.A., examinations. It is no doubt true that some of those included in column (3) of the above table would have proceeded to the higher examinations after finishing the Matriculation or the European High School examinations, but the number of such candidates is likely to be very small, and it is very improbable that their inclusion would significantly affect the results shown in column (4) of the table. In any case, the effect of their exclusion will only be in the direction of reducing the percentages shown in column (4). The percentages shown in column (4) are too small to warrant the assumption that the census has been sufficiently exhaustive. It is difficult to believe that in a district like Malabar the intensity of unemployment among the educated classes could be as low as 7·64 per cent. There is also sufficient evidence in the correspondence of some of the Tahsildars in Malabar to show that the census has not been complete enough in that district. The Tahsildar of Calicut has, for instance reported that owing to its short duration, the census has not been sufficiently exhaustive within the amsoms in the Calicut municipality and that in his taluk the village officers in 31 out of 71 amsoms have reported that there are no educated unemployed in their amsoms. The Tahsildar of Kurumbranad has also stated, that out of 104 villages in his taluk forms have been received from only 54 villages, the village officers in the remaining 50 villages having reported that there are no educated unemployed in their villages. The average number of unemployed in the 54 villages is found to be nearly 4 and it is somewhat surprising that the remaining nearly 50 per cent of the villages should send a 'nil' return. The village officers of 35 out of 118 amsoms in the Walluvanad taluk and 20 out of 121 amsoms in the Ponnani taluk are also stated to have reported to the Tahsildars that there are no educated unemployed in their amsoms. Though no direct evidence as to the incompleteness of the census in the remaining districts is forthcoming, the indices of intensity of unemployment shown in column (4) of the table above would lead one to the presumption that the census has been far from complete But although the present census cannot be regarded as having afforded a true index of the intensity of unemployment in the districts in which it was taken, yet the number of forms received from each district has been sufficiently large to enable certain inferences to be drawn in regard to the form of distribution of such factors as the age and qualifications of the unemployed, the duration of unemployment, etc.

The following sections are devoted to an analysis of the census figures.

(1) *Civil condition.*—In Appendix II are shown the statistics of the number of married and unmarried unemployed in each of the six districts. The percentage numbers of married and unmarried unemployed are shown below for each district:—

District.	Number married per 100 unemployed.	Number unmarried per 100 unemployed.
Vizagapatam	65·10	34·90
Anantapur	63·84	36·16
Chittoor	47·25	52·75
North Arcot	48·94	51·06
Tinnevelly	49·00	51·00
Malabar	29·95	70·05

The percentage of the unmarried unemployed is highest in Malabar, and the majority of the unemployed are unmarried in that district as also in the districts of Chittoor, North Arcot and Tinnevelly. In Vizagapatam and Anantapur, however, the majority of the unemployed are married. It will be of interest to compare the above percentages of the number of unmarried unemployed with the corresponding percentages for the general population as revealed in the Census of 1931. As the great majority of the unemployed, in fact as many as 98·7 per cent of them are males and their ages vary between the limits 15 and 50 years in nearly 93·7 per cent of the cases, we can safely take for purposes of comparison the male population between the ages of 15 and 50 in the districts of Vizagapatam, Anantapur, Chittoor, North Arcot, Tinnevelly and Malabar, according to the Census of 1931. The table below gives the relevant statistics extracted from the Census of India, 1931, Volume XIV, Madras, and the percentages of 'unmarried' to 'total' calculated from these statistics:—

District.	Total male population between the ages of 15 and 50.	Total unmarried male population between the ages of 15 and 50	Percentage of 'Unmarried' to total population between the ages of 15 and 50.
Vizagapatam *	583,353	70,304	11·85
Anantapur	273,973	93,173	34·12
Chittoor	367,698	124,454	33·86
North Arcot	533,018	148 900	27·09
Tinnevelly	480,499	163,593	31·97
Malabar	826,187	282,268	34·17

* The figures in respect of Vizagapatam relate to Vizagapatam Plains.

Comparing the above percentages with the corresponding percentages for the unemployed population which have already been given, it will be seen that in all districts except Anantapur, the percentage of 'unmarried' to 'total' is very much lower in the general population than in the population of the unemployed. The percentage worked out for the general population is lower in the case of Anantapur also, but the difference between this percentage and the corresponding percentage for the population of the unemployed in that district is very small, and unless this difference can be established to be statistically significant, it cannot be inferred that the tendency for marriage on the part of the unemployed in Anantapur is less than in the population at large in that district. The difference between the two percentages is 2·04 as against a probable error of 7·93 in the percentage of 'unmarried' to total in respect of the population of the unemployed in Anantapur. The difference is therefore clearly insignificant. The differences in the case of Vizagapatam, Chittoor, North Arcot, Tinnevelly and Malabar are, however, significant, and it can be safely asserted that the tendency for marriage on the part of the unemployed is less than in the population at large in these districts. This state of affairs is only natural as one would expect the unemployed, and especially the educated section of it to be cautious in their matrimonial commitments. The case of Anantapur appears to be peculiar in that it constitutes an exception to the rule observed in the other districts.

(2) *Age distribution.*—The frequency distribution of age of the unemployed is given in Appendix III (a) to the report. Age has been divided into nine class intervals beginning with the class interval 14·5 to 19·5 years. In view of the known tendency for age to be given in whole years the present classification has been adopted in preference to a classification in which the class intervals begin and end with whole years, in which case there will be uncertainty as to the entering of particulars regarding the age of an individual which is in whole years in the appropriate class interval. The percentage number of the unemployed in each district in each class of age has also been shown in Appendix III (a). It will be observed from the appendix that the number of the unemployed is highest in the age interval 19·5 to 24·5 years in each district. Next in importance as to the number is the age interval 24·5 to 29·5 years in all districts except in Malabar where there is a larger number of individuals in the age interval 14·5 to 19·5 years than in the interval 24·5 to 29·5 years. The frequency of the unemployed is relatively small beyond the age interval 29·5 to 34·5 years. The percentage frequency of the unemployed whose age is above 34·5 years is only 7·26 per cent in Vizagapatam, 4·08 per cent in Anantapur, 4·63 per cent in Chittoor, 4·67 per cent in North Arcot, 11·45 per cent in Tinnevelly and 7·98 per cent in Malabar. The mean age of the unemployed in each district has also been worked out from the frequency distribution relating to it. The means for the several districts are found to agree with each other very closely and they range from approximately 24 to 25 years. The mean age is actually 24·84 years in Vizagapatam, 24·65 years in Anantapur, 23·92 years in Chittoor, 24·18 years in North Arcot, 25·34 years in Tinnevelly and 24·23 years in Malabar. The probable errors of the means have also been calculated from the relative distributions and shown in Appendix III (b). In no case does the probable error exceed 0·63 per cent of the mean. The precision of the estimated mean age is therefore very high in each case.

(3) *Qualifications of the unemployed.*—In view of the diversity of qualifications of the unemployed, the figures have been analysed under a number of heads. In addition to the main heads of qualification already provided for in the questionnaire, the data were tabulated to show separately the passed and failed candidates in the following examinations: (i) Intermediate, (ii) B.A., (iii) B.Sc., (iv) B.A. (Hons.), B.Sc. (Hons.), or M.A. A statement showing the number of the unemployed in each district possessing the several qualifications is given in Appendix IV (a) to the report. A column of percentages designed to show the percentage number of the unemployed possessing each of the several qualifications has also been added to the appendix. The statistics of the qualifications held by the unemployed are analysed below according to the highest examinations passed by them.

Qualifications.	Percentage number of the unemployed to the total in					
	Vizagapatam.	Anantapur.	Chittoor.	North Arcot.	Tinnevelly.	Malabar.
1 Secondary School-Leaving Certificate completed or its equivalent	62·14	64·80	72·71	77·26	75·61	78·32
2 Intermediate	14·98	13·76	12·40	8·65	9·57	7·45
3 B.A. or B.Sc.	9·12	9·02	6·96	4·67	6·24	5·81
4 B.A. (Hons.), B.Sc. (Hons.) or M.A. ..	2·07	0·14	1·10	1·10	0·83	0·85
5 Holders of certificates in token of having completed a course of instruction in a recognized industrial or technical school after completing the III Form or its equivalent.	8·98	8·34	8·28	6·76	3·97	3·02
6 Holders of oriental title	3·04	1·14	1·33	1·35	0·27	0·17
7 Others comprising failures in B.A. (Hons.), B.Sc. (Hons.) or M.A. examinations.	0·27	..	..	..	0·11	..
Total ..	100·00	100·00	100·00	100·00	100·00	100·00

The figures above speak for themselves. The large bulk of the unemployed are those possessing the qualification of completed S.S.L.C. or its equivalent and their proportion is highest in Malabar. Next in order of importance are the passed Intermediates and then come those possessing the degree of B.A. or B.Sc. Their number is, however, exceeded in North Arcot by the number of holders of certificates in token of having completed a course of instruction in a recognized industrial or technical school. These latter together with the holders of oriental titles account for 12·02 per cent of the unemployed population in Vizagapatam, for 7·98 per cent in Anantapur, for 6·88 per cent in Chittoor, for 8·32 per cent in North Arcot, for 4·64 per cent in Tinnevelly and for 3·89 per cent in Malabar. In addition to holding one or other of the qualifications enumerated above, a few of the unemployed in each district have to their credit some other qualifications. A list of such qualifications together with the number of persons holding them is given in Appendix IV (b) to the report. The more important of these qualifications are training in typewriting, shorthand and other commercial subjects, in engineering, in teaching, in co-operation and in compounding.

(5) *Interval between the finishing of studies, and the date of the census.*—Appendix V (a) to the report gives for each district the frequency distribution of the interval between the finishing of studies of the unemployed and the date of the census. The distribution enables it to be ascertained at a glance in how many cases, the unemployed had finished their studies within various periods previous to the date of the census, such as a period of less than a year, a period ranging from one to two years and so on. A study of Appendix V (a) shows that in the districts of Vizagapatam, Chittoor, Tinnevelly and Malabar, the maximum number of the unemployed had finished their studies within a period of less than one year previous to the date of the census. In Anantapur and North Arcot the largest number of the unemployed had finished their studies within a period ranging from two to three years previous to the date of the census. Quite a large proportion of the unemployed population had finished their studies within a period of less than five years previous to the date of the census. The percentage of such people to the total number of the unemployed is 65·59 per cent in Vizagapatam, 67·44 per cent in Anantapur, 72·05 per cent in Chittoor, 63·75 per cent in North Arcot, 60·28 per cent in Tinnevelly and 69·90 per cent in Malabar. The number of the unemployed who had finished their studies within a period of ten years and above previous to the date of the census is few indeed. Such people form only 12·16 per cent of the unemployed population in Vizagapatam, 8·13 per cent in Anantapur, 7·49 per cent in Chittoor, 9·00 per cent in North Arcot, 17·21 per cent in Tinnevelly and 9·90 per cent in Malabar. The mean interval in years between the finishing of studies of the unemployed and the date of the census has been worked out for each district and shown in Appendix V (b) along with the probable error of the mean. The mean interval is 4·89 years in Vizagapatam, 4·54 years in Anantapur, 4·21 years in Chittoor, 4·77 years in North Arcot, 5·59 years in Tinnevelly and 4·36 years in Malabar. It is highest in Tinnevelly and this is only natural, for, as has been seen already, a relatively larger number of individuals in that district is

found finishing their studies within a period exceeding five and also ten years previous to the date of the census than in any other district. The probable error of the mean interval is very small in each case. The highest attained is 2·9 per cent of the mean for Chittoor. The smallness of the probable errors points to the high accuracy of the mean values.

(5) *Duration of unemployment.*—It has been seen that the average interval between the finishing of studies of the unemployed and the date of the census ranges from 4·21 years in Chittoor to 5·59 years in Tinnevelly. Not the whole of this interval can be taken as representing the period of unemployment; part of it is naturally covered by employments which the unemployed have held at some time or other after finishing their studies. How long such employments have lasted on the average, and what the average duration of unemployment has been in each district are matters of considerable interest. Appendix VI (*a*) to the report gives the frequency distributions of the duration of unemployment in the several districts. It will be seen from these distributions that in all districts except Anantapur, the duration of unemployment has been less than a year in the maximum number of cases; in Anantapur however the duration of unemployment has ranged from one to two years in most of the cases. There is a gradual falling off in the frequencies with an advance in duration, and from the frequency distributions which have also been represented graphically in charts Nos. 13 to 18, it will be observed that the duration of unemployment has extended to a period exceeding five years in only 22·16 per cent of the total number of cases in Vizagapatam, 21·06 per cent of the cases in Anantapur, 18·99 per cent of the cases in Chittoor, 23·06 per cent of the cases in North Arcot, 25·89 per cent of the cases in Tinnevelly and 17·93 per cent of the cases in Malabar. Very few of the individuals have remained unemployed over a period exceeding ten years. They constitute only 5·73 per cent of the total number of the unemployed in Vizagapatam, 3·73 per cent in Anantapur, 3·02 per cent in Chittoor, 2·96 per cent in North Arcot, 7·80 per cent in Tinnevelly and 4·34 per cent in Malabar. The mean duration of unemployment shown in Appendix VI (*b*) is 3·44 years in Vizagapatam, 3·50 years in Anantapur, 3·07 years in Chittoor, 3·34 years in North Arcot, 3·81 years in Tinnevelly and 2·98 years in Malabar. The probable error of the mean in no case exceeds 2·6 per cent of the mean value. The precision of the estimated mean values is therefore high. The difference between the mean interval between the finishing of studies and the date of the census already calculated for each district and the mean duration of unemployment shown above gives the average period over which the unemployed have been fortunate enough to hold some employment or other since finishing their studies. The average period of such employment has been 1·45 years in Vizagapatam, 1·04 years in Anantapur, 1·14 years in Chittoor, 1·43 years in North Arcot, 1·78 years in Tinnevelly and 1·38 years in Malabar. It will be of some interest to compare this average with the average interval between the finishing of studies and the date of the census. The former is only 29·65 per cent of the latter in Vizagapatam, 22·92 per cent in Anantapur, 27·08 per cent in Chittoor, 29·96 per cent in North Arcot, 31·24 per cent in Tinnevelly and 31·65 per cent in Malabar.

(6) *Employments held before.*—No less than 504 of the unemployed in Vizagapatam, 248 in Anantapur, 162 in Chittoor, 407 in North Arcot, 565 in Tinnevelly and 750 in Malabar were employed for varying periods at some time or other previous to the census. The number of persons so employed is 34·83 per cent of the total number of the unemployed in Vizagapatam, 39·90 per cent in Anantapur, 30·28 per cent in Chittoor, 34·52 per cent in North Arcot, 31·25 per cent in Tinnevelly and 29·74 per cent in Malabar. Of the employments held, 69 or 13·69 per cent of the total in Vizagapatam, 26 or 10·61 per cent of the total in Anantapur, 18 or 9·89 per cent of the total in Chittoor 64 or 15·72 per cent of the total in North Arcot, 93 or 16·46 per cent of the total in Tinnevelly and 73 or 9·73 per cent of the total in Malabar were of a technical nature and the rest were non-technical. A list of the technical and non-technical employments together with the number of persons holding them is given in Appendices VII (*a*) and VII (*b*) to the report. The more important of the technical employments held were as typists, stenographers, compounders, co-operative inspectors, vaccinators, sanitary inspectors and doctors. On the non-technical side, the unemployed were employed mostly as teachers, clerks, attenders, karnams, maistries, postmasters and storekeepers.

Conclusion.—The present census of the educated unemployed cannot be deemed a success from the point of view of the index it has afforded of the intensity of unemployment. The number returned as unemployed is far short of all reasonable expectations. Nearly 16 per cent of the forms received had to be rejected as they did not satisfy the definition of 'educated' laid down by Government and this points to the need for greater caution in selecting the unemployed for filling in the questionnaire forms in future censuses. Though the census has not been sufficiently exhaustive, the number of forms received from each of the six districts has been sufficiently large to enable certain inferences to be drawn in regard to the form and distribution of such factors as the age and qualifications of the unemployed, the duration of unemployment, the period over which the unemployed remained in employment, etc., and in this sense the census has afforded valuable material.

No. 611.—

The Madras Labour Union (for Textile Workers) found itself unable to accept the findings and recommendations of the Board of Conciliation that recently investigated the points in dispute between the workers and the management of the Madras United Spinning and Weaving Mills, Company, Limited, Madras, popularly known as the Choolai Mills. The main grievance of the Union was that the Company's contention regarding profits was accepted by the Conciliation Board without a full examination of accounts and balance sheets. The Union gave notice to the management on the 10th June 1938 declaring their intention to go on strike if the demands they had already formulated including the one for increased wages were not complied with within a week. The management regretted its inability to comply with the demands and as the Union was determined to strike work on the 17th June 1938, the management announced its intention to close and closed the mill on the morning of the 17th June 1938. The strike has thus been going on for over one month now.

2. The Hon'ble Minister for Industries and Labour has been in touch with both the parties to the dispute during the last one week. The Government suggested that the management should agree to an inspection of the accounts and balance sheets of the Company by an officer to be appointed by the Government and that both the management and the workers should accept the verdict of this officer on this particular point, viz., whether the finances of the mills are such as would admit of a reasonable increase in the wages of the workmen. The Government also suggested that the workers should call off the strike if the management agreed to an inspection of their accounts and balance sheets. The Government are glad to announce that both the parties have now accepted these suggestions. The Government will now proceed to appoint an officer to examine the accounts and submit a report soon after the strike is called off and workmen join duty. It will be open to either party to explain its point of view to the said officer.

3. The Madras Labour Union having been recognized by the authorities of the mills, it will be open to its representatives to place the grievances of the workers, if any, before the management as soon as normal working conditions in the mills are restored. The authorities of the mills have undertaken to give a most sympathetic hearing to such representations.

As 1/4.—

Mr. D. N. Strathie, I.C.S., Commissioner of Labour, Madras, who was engaged during the past few days in an examination of the conditions of the textile industry at Coimbatore with a view to see how best the recommendations of the Court of Enquiry in the matter of standardization of wages could be given effect to has just submitted his report. The Government are now busy examining his recommendations

2. The Government hope to be able to announce their decisions in the first week of August 1938. In the meantime they would impress upon both the employers and the employees the imperative need, at this juncture, for cordial co-operation between the two parties in the interests of industrial peace.

No. 7.—In virtue of the powers delegated under clause XI of Government Notification No. 486, dated 13th July 1936, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 25th September 1936, Part I, as amended by Government Notification No. 108, dated 15th March 1924, and in supersession of Commissioner's Notification No. 12, dated 17th July 1937, the Commissioner of Excise and Separate Revenue hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1938 :—

(1) The villages in the Agency tracts specified in Schedule I annexed

(2) The rest of the Presidency with the exception of the Nilgiris district excluding the Gudalur taluk and the Attapadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy arrack;

(c) of tappers on their own application in the South Kanara district provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper in whose shop the toddy is to be taken;

(d) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the West Godavari district, in the Repalle and Bapatla talukas of the Guntur district and in the Kavali, Atmakur, Nellore and Kovur talukas of the Nellore district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale;

(e) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory;

(f) of toddy shopkeepers in the Pudukottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State, and of toddy renters in the Cochin State, and

(g) of any member of a hill tribe whether a tree-owner or not residing in Simhachallum, Adivisaram, Madhuravada and Mudasarlova villages of Visagapatam taluk or in any of the villages of the Visagapatam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (b), (d) and (e) the licences may be issued in the name of the applicant himself or of his nominee, and in cases (a), (c), (f) and (g) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licences must first pay the fees for the first instalment thereof as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the district treasury or a taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (c) and (e) the tree-tax must be paid into a Government treasury of the taluk in which the shop is situated or to an authorized village munsif in the same taluk, and the renters concerned should affix a declaration in the applications to the effect that they have obtained a licence, permanent or temporary, for a shop specifying also the name and number of the shop for which trees are to be marked. The shop licences should be produced before village munsifs in cases where the application and fees are presented to these officers. Pudukottai renters, when applying for trees in British territory, must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T T 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping licence in Mysore. Applications from Mysore renters for licences for the tapping of trees in villages in the British territory in which there are trees belonging to Government should invariably be got countersigned by the village headman of the village in which the trees are situated in token of the correctness of the entries concerning the ownership of the trees. The tree-tax should be calculated at the higher rate if tax rates are not the same on the two sides of the frontier.

(2) Applications for tree-tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasuries of the Madras Government and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. (1) Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax into the Kenikanda Sub-Treasury, the rate being the same as in the Kurnool district. Toddy shopkeepers in Banganapalle State will be allowed to tap trees in the adjoining British territory on payment of tree-tax in the treasury of the taluk in which the trees stand. Toddy shopkeepers in British territory adjoining the Pudukottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

(2) Toddy shopkeepers in British territory adjoining Cochin State may be allowed to tap trees in that State on payment of full tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

The British Circle Inspector to whom the application is forwarded shall have discretion to refuse to comply with an application either wholly or in part. The currency of the licences and permits issued by the British Circle Inspector shall correspond with the periods for which licences for tapping are granted under the tree-tapping rules in

forces in the Cochin State. The licences and permits issued to the State hunter by the British Inspector shall be liable to suspension or cancellation at the request of the Cochin State Excise officer.

7. Persons applying for the issue of licences will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees applied for are in excess of the legitimate demand of the shop. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari district, in the West Godavari district, in the Repalle and Bapatla taluks of the Guntur district, in the Kovur, Atmakur, Nellore and Kavur taluks of the Nellore district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

Free-foot sales or sales in the open are absolutely prohibited.

17. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a licence under these rules in the garden or field in which stand the trees which he is licensed to tap, except the toddy contained in the pots attached to the spathes of the trees, provided that the Board of Revenue may, on sufficient cause being shown, relax the restriction in any local area.*

Assistant Secretary to the Commissioner of Excise and Separate Revenue.

Madras, 25th July 1938.

OFFICIAL ADVERTISEMENTS.

TENDER FOR EXTENDING THE SUB-REGISTRAR'S OFFICE, KAIKALUR.

Tenders will be received by the Executive Engineer, Kistna Eastern Division, at his office at Bezwada up to 4 p.m. on 15th August 1938 for the work of extending the Sub-Registrar's office at Kaikalur.

The tender should be in the prescribed form obtainable from the Executive Engineer's office. The tenders will be opened by the Executive Engineer, Kistna Eastern Division, at 5 p.m. on 15th August 1938.

2 Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Kistna Eastern Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual it should be signed with his full name and his address shall be given. If it is made in a firm, it shall be signed with the co-partnership name by a member of the firm who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of rupees seventy only into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of revenue deposits on behalf of the Executive Engineer of the Kistna Eastern Division and enclose with his tender the chalan endorsed accordingly. The earnest money will be returned to the unsuccessful tenderer on application after intimation is sent to rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department officers.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4 When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of rupees seventy only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the standard preliminary specification of the Madras Detailed Standard Specifications will be returned as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor, he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the division office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with this contract such as specifications, plans, the abstract sheet of the departmental estimate, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Kistna Eastern Division.

6 The tenderer's attention is directed to the requirements for materials under the clause "Materials and Workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the descriptive specification sheet. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the descriptive specification sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the descriptive specification sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8 The tenderer's particular attention is drawn to the section and clauses in the standard "Preliminary Specification" dealing with—

(1) test, inspection and rejection of defective materials and work,
(2) carriage,
(3) construction plant,
(4) water and lighting,
(5) cleaning up during progress and for delivery,
(6) accidents,
(7) delays,
(8) particulars of payment, and
(9) responsibilities and liabilities of the contractor.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9 A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Kistna Eastern Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump-sum for which he will undertake to do the whole work subject to the conditions of contract such lump-sum agreeing with the total amount of schedule A. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10 Tenderers may offer a percentage deduction from or increase on the departmental estimate amount together with rates for the items noted in Schedule A. Tenders not submitted in proper form or in due time will be rejected. Rates or lump-sum

amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications or quantities accompanying same will be recognized and if any such alterations are made, the tender will be void.

11. The tenderer may quote his percentage rates after referring to the Public Works Department estimate rates which will be available for inspection in the office of the Executive Engineer, Kistna Eastern Division, between 11 a.m. and 5 p.m. on office days.

11-A. It should be clearly understood that the amounts provided for contingencies, unforeseen items and petty supervision in the sanctioned estimate will not be available for payment to the contractor.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount).
	PER CENT.
Three months	40
Six months	100

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

No. 6.—

Notice is hereby given that the privilege of sale of toddy in independant shops in the free-tax areas of the Presidency, including the Banganapalle State, will be put up to auction subject to the conditions hereinafter set forth. It is however open to Collectors to dispose of any privilege of sale of toddy in such manner as they may deem fit. The period for which the privileges will be sold will be twelve months commencing 1st October 1938 and ending 30th September 1939. The number of shops, the local limits appointed for them and the dates on which, the places at which and the officers by whom, the auction sales will be conducted, will be notified by Collectors in their District Gazettes. The Collectors of Tinnevelly and Ramnad will notify separately the special conditions subject to which the toddy shops in Tinnevelly district and in Sattur, Srivilliputtur, Ramnad, Mudukulathur and Paramakudi taluks of Ramnad district will be put up to auction. A separate notification will be issued regarding operations under the free-tax system.

Conditions of Auction Sale.

I. Any person desiring to bid must deposit Rs. 20 with the selling officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs. 10 or Rs. 5 when necessary. In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power-of-attorney from him. No shop will be knocked down in the name of two or more persons. In the case of a duly recognized company or firm an agent duly authorized by a power-of-attorney, or any office-bearer empowered by the articles of association or similar rules, may bid for and act on behalf of the company or firm. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

NOTE.—In Madras City the deposit must be paid into the taluk treasury and the challan for such payment produced before the selling officer. Deposits will be returned under the orders of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the counterfoil of the Taluk office.

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of licence or of a contract under the Abkari Opium Act as to render him undesirable as a holder of a licence, or (2) that he is insolvent or in arrears to Government; or (3) that his bid is purely speculative, or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village, or (5) that he is a contract supplier of country spirits for the contract area within which the shop is situated; or (6) that he is a brewer or agent of a brewer (either local or foreign) bidding for any shop in which beer is sold for consumption on the premises, or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason.

III. The reserve price placed on each shop will not be published but the average monthly rental during the previous five years will be notified by Collectors, wherever possible, for the information of bidders. The selling officer will fix the upset price of each shop.

IV. The shops will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion. If the selling officer before the close of the sale rejects under condition II the highest bid for any shop he may at his discretion either accept the next highest bid or resell the shop. In case of dispute the selling officer's decision will be final.

VI. (a) Every person whose bid is provisionally accepted shall—

(i) at once, if so required by the selling officer, or otherwise at the close of the day's sale, deposit, in addition to the deposits made under clause I, half a month's rent for each shop knocked down to him, unless the initial deposit equals or exceeds two months' rent;

(ii) at once apply in writing for a licence for each shop knocked down to him and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this notification) showing details of the immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(iii) within fifteen days from the date of sale deposit such further sum as with the deposits already made under sub-clause (i) supra will make up ten months' rent of all shops knocked down to him.

(b) Further if the Tahsildar is not satisfied that any such purchaser can be trusted to pay his rent punctually and fully, he shall require him, in addition to making the deposit required under clause (a) (iii) supra, to select one of the following three courses and follow it within the time specified by the Tahsildar, i.e., either

(i) to deposit two months' rent of all shops knocked down to him, or

(ii) to execute a mortgage of his immovable property in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser; or

(iii) to produce a surety or sureties, to be accepted by the Tahsildar, who should execute a security bond for the due payment of all moneys that may become due by the purchaser under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof by the surety or sureties or by the purchaser.

If the Tahsildar is not satisfied that the value of the immovable property tendered as security by the purchaser under sub-clause (a) supra is adequate, he shall require him to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Tahsildar, who shall execute a security bond for the balance of the money that may become due, and a mortgage deed of his or their property in favour of the Government.

The sureties referred to in the clause (b) shall submit to the Tahsildar a statement in the prescribed form annexed to this notification showing details of their immovable property.

The purchaser shall be bound to carry out the provisions of this clause (b) within ten days from the date of communication to him of the Tahsildar's orders requiring him to do so.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser. He shall be bound to execute a counterpart agreement. The purchaser or his surety must produce at his cost an encumbrance certificate in cases in which immovable property is mortgaged to the Government.

(c) If the annual deposit exceeds two months' rentals, the excess will not be refunded till the termination of the lease.

VII Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid.

VIII At the close of the day's sale the selling officer will notify the date on which resales, if any are found necessary, will be held; when the list of shops to be resold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX. The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Board of Revenue for special reasons. In the event of any original bid not being confirmed by the Collector for the reason that it is inadequate, the resale should begin with the bid provisionally accepted by the selling officer at the original sale and in the name of the individual who offered that bid.

X. On the failure of any person to make a deposit or apply for a license under condition VI or to comply with any requisition or to execute any engagement under condition VI, the shop may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the deposits already made by the defaulting bidder will be forfeited and deducted from the loss arising from the resale, and the balance of the loss, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should however the deposits be greater than the loss by resale, only such part of the deposits as is necessary to cover loss by resale will be forfeited and the balance refunded to the defaulter. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to the Government under the terms of the licence as well as for the proper observance of all the conditions of the licence.

XII. The deposits under condition VI (a) (iii) and (b) (i) may be made either in cash or in recognized Government, Port Trust, Municipal or Local Board securities, or by depositing Postal savings bank pass books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as to the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover who deposits made in cash under conditions I and VI (a) (i) which have not been refunded as well as deposits due under condition VI (c) (iii) and (b) (i) the deposits made in cash may be returned to the depositors. The Treasury Officer or Sub-Treasury Officer as the case may be will endorse this requisition on to the Bank and inform it that when the Bank gives the necessary formal receipt, he will hand over the amount to the representative of the Bank duly authorized to receive it, or will remit it by postal money order or insurance cover to the Bank. When the amount has to be sent by postal money order or insurance cover the renter will be required to deposit in the Treasury or Sub-Treasury, with his requisition to transfer the deposit, an amount which shall, in the opinion of the Treasury Officer or Sub-Treasury Officer as the case may be, be sufficient to cover the cost of forwarding the amount of the deposit to the Bank, any balance not utilized for this purpose will be credited towards any rent due from the depositor. The securities or savings bank pass books deposited must be endorsed in the name of the Collector and Government promissory notes must be enfaced for payment of interest at the treasuries at which they are deposited, if so required. In the case of Co-operative Bank deposit certificates the deposits must be made in the name of the Tahsildar of the taluk; the contractor must agree in writing that he undertakes the risks, if any, involved in the investment and the banks must certify on the deposit certificate granted that the deposit is withdrawable on the Tahsildar's demand.
